TABLE OF CONTENTS

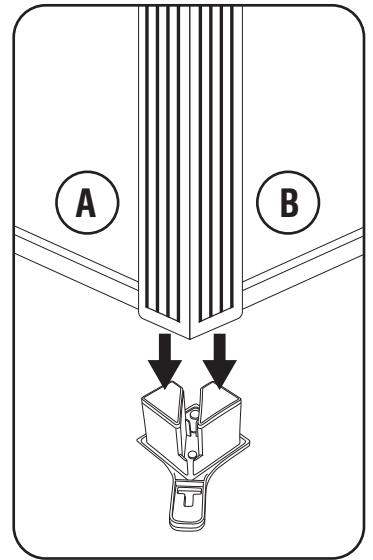

Garden Bed Components	1
Assembly Guide	2-3
Canopy/Cover Assembly (for model OGGB-39WC)	4

GARDEN BED COMPONENTS

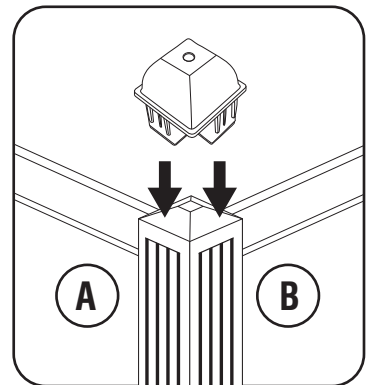

ITEM	QTY.	
WALL PANELS	4	
TOP CORNER BRACKETS	4	
JOINT BASE CONNECTERS	4	
BASE GROUND ANCHORS	4	
ROPE	1	
PLANT LABELS	10	

ASSEMBLY GUIDE

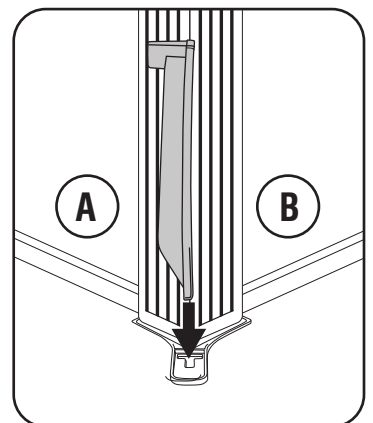

- 1 Connect garden walls with corner columns to base feet. Ensure the holes are located at the top of the wall.

- 2 Connect the corner brackets on all 4 corners.

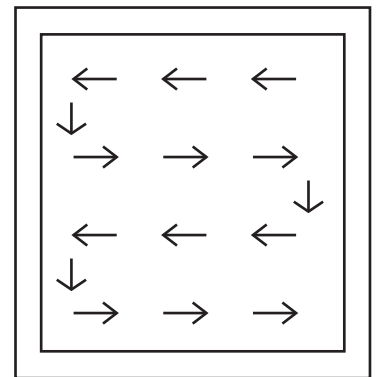

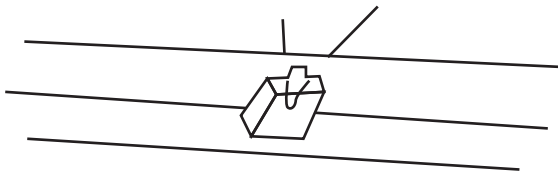

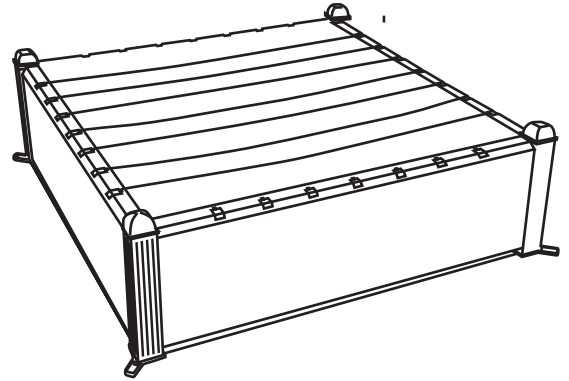

- 3 Anchor the garden to the ground on the bottom of all 4 corners.

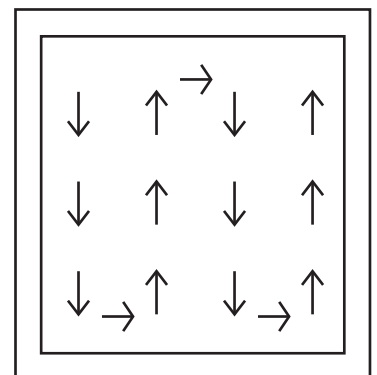

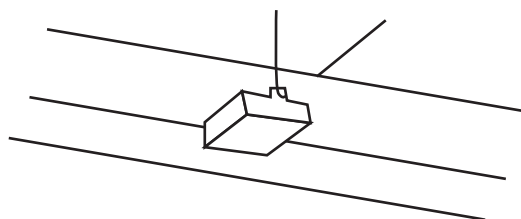

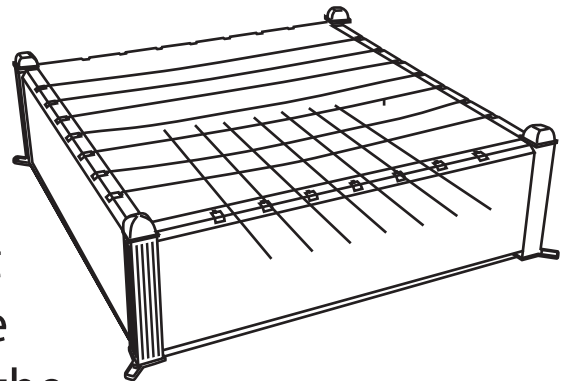

ASSEMBLY GUIDE (Continued)

- 4 Thread rope through the hole, and out of the slot at the top of the wall. Stretch the rope across the length of the garden, through the slot on the opposite wall. Thread through the hole and continue pattern for the remainder of the garden.

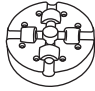

- 5 Once reaching the opposite corner, thread diagonally on the opposite wall and over the cut-out at the top of the wall. Continue the same pattern across the length of the garden, threading the rope and stitching over and under the existing pattern.

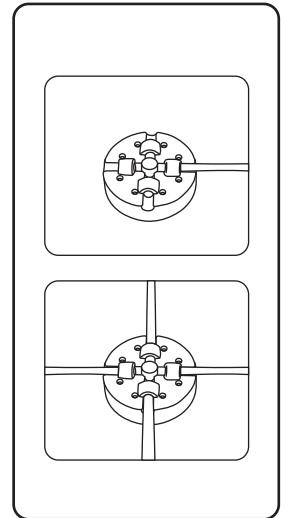

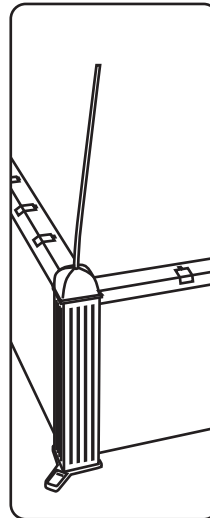

CANOPY/COVER ASSEMBLY

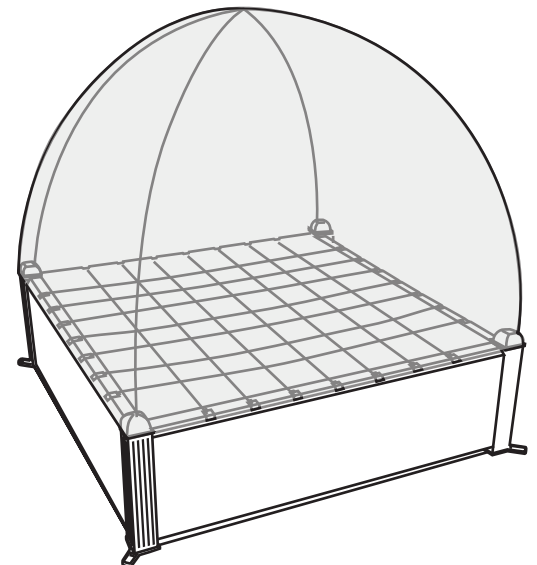

(FOR MODEL OGGB-39WC)

ITEM	QTY.	
Top center connector	1	
Fiberglass rods	4	
clear pvc canopy cover	1	

- 6 Place the fiberglass rods into the holes at each corner, and connect them on top with the center connector, creating an arch from the corners to the center.

- 7 Cover the garden with plastic UV and weather resistant cover (zipper should be closed to ensure neat fit), tie down the sides of the cover to the fiberglass rods.

- 8 Fill the garden with soil.
Happy planting!
